Reports

Treasurer -- current balance \$6748, Paid 228.52 expenses. Debit card has been acquired to create a web transaction account.

Database -- Ron, Update scanning is ongoing project. Ron has recovered electronic database copies back to 1997. The emailing of updates has been effective. Those system operators without email are getting paper updates by US Mail.

Operations – Neil - No special reports

Unfinished Business

1) Inverted 70cm project

The Board will process three inverted system decoordinations per meeting. Chairman Wilson will phone each of the remaining inverted system owners to explain how the ORRC will be proceeding. Those systems owners who ask for a hearing will be scheduled for one. No progress to date on this project. Will pursue as possible.

2) Carl DiPaulo letter - No Report

- 3) **Web approval for non controversial coordination requests. Defining the criteria for this method of processing.** (tabled at last meeting)
Further discussions- (waiting for Web Site re-vamp), no action at this meeting, just a place holder pending Website project!
- 4) **Example Co-Channel Agreements**
(Joel, Neil)
Wording to include a 45 day response requirement from post mark date.
Failure to respond will be considered to be acceptance of the proposed system.
Paper copies of proposed letters supplied to secretary for editing.
- 5) **ORRC Web Site**
Mike Mullarkey requested all Directors forward their current contact information to him for inclusion in the new Web Site data.
- 6) **2005-06 Newsletter-**
Still no Volunteer to edit and compile the newsletter? And no submissions were received since the last meeting. Likely to die of its' own weight.
- 7) **Expired CP project**
Mike Hemel reports a vigorous response to the post cards sent out. This will be continued as we weed out more non responsive system operators.

New Business

- 1) **Upcoming Region Elections**
Elections for even numbered Regions for Region Director and Alternate Director will be held this year. Secretary will send an email to the Directors with the timeline and deadlines for the Region Elections. All this relates to the date of the Annual Meeting. An example of a postcard for meeting notices will be included.
- 2) **Letter from Ken Arck**
Discussion occurred. Richard Wilson will respond. After discussion the Board voted to participate to a \$500 limit in supporting channel swapping to resolve the conflict on 145.31. Director at Large Mike Mullarkey K7PFJ, will continue discussions with the system owner to attempt a resolution. Region 4 Director Dan Bathurst, WA7ABU, will contact the Silverton system owner.
- 3) **Region 7 Director resigns**
The resignation letter from the Region 7 Director was accepted.
